**b3 [MM] Aboriginal Advisory Committee**

Councillors held confidential discussions on Thursday 13 May 2010 regarding the operation, performance and proper functioning of the Aboriginal Advisory Committee (AAC).

It is my view, and I believe that of the majority of Councillors, that the current Committee is not performing in a way that can deliver Council's objectives in supporting the Tweed's Aboriginal and Torres Strait Islander community.

**RECOMMENDATION:**

**That Council reviews the Councillor representation on the Aboriginal Advisory Committee by:**

- 1. Declaring both Councillor positions vacant.**
  - 2. Determining the number of Councillors to be on the Committee.**
  - 3. Electing the number of Councillors resolved in (2) above to the Committee.**
