

MAYORAL MINUTE

a3 [MM] Mayoral Minute - Tweed Heads and Tweed Coast Police Stations

Councillors,

Tweed Heads and Tweed Coast Police Stations

Officers from the NSW Police Department have met with senior Council staff to pursue the upgrading of Kingscliff Police Station on the existing site.

Both the Kingscliff and Tweed Heads sites are severely restricted and it is my view that a new integrated facility, with the potential to accommodate other emergency services in the long term, would be a much better outcome for the Tweed Community than expansion on the existing sites.

RECOMMENDATION:

That Council advises the State Government, through its local Members, that Council's strong preference is to assist the Government in identifying a Greenfield location to ultimately accommodate an integrated Emergency Services facility on the Tweed Coast, rather than expansion of the existing police stations at Tweed Heads and Kingscliff.
