SERVICE SUMMARY

ALS lifeguards enjoyed a great summer season across *Tweed Shire Council* patrolled beaches, managing healthy numbers of beach visitors, preventing thousands of incidents from occurring, providing first aid to many beach goers, helping Council with their regulatory function and providing the public with helpful information and advice.

During the 2014-2015 contracted service summer period, lifeguards performed **66** significant rescues. 'Significant Rescues' are defined as when lifeguards render assistance to swimmers who find themselves in difficult situations. Potentially the response from lifeguards can result in the saving of life.

'Preventative actions' are defined as when lifeguards advise swimmers that they are swimming in a dangerous location or swimming outside the flags or when lifeguards proactively provide other safety advice. Such proactive measures are typically undertaken when swimmers are in danger of getting into a hazardous situation, a prudent method of lifeguarding. Lifeguards performed **5,758** preventative actions during the contracted summer period.

INCIDENTS

- On the 22nd December 2014, lifeguards at Cabarita Beach received a call from the State Operations Centre who had been contacted through 13SURF by Police of two POI's were in the water off Norrie's Head. Lifeguards launched a jet ski (RWC) to the location where the two POI's had made their way onto rocks. The lifeguard on the RWC then assisted the two POI's off the rocks and back to shore where they were assessed and released with no further medical attention needed.
- On the 2nd January 2015, lifeguards from South Kingscliff requested an Ambulance for a 25 year old female with a fin chop to right thigh which was sustained whilst surfing approximately 500 metres north of the flagged area. Lifeguards treated the casualty and dressed the wound before she was transported via Ambulance to Tweed Heads Hospital.
- On the 8th January 2015, lifeguards from South Kingscliff requested an Ambulance for a 77 year old male who was walking up the beach when he began to feel dizzy, weak and light headed. Lifeguards placed the man on oxygen and monitored his condition until the Ambulance arrived and transported the man to Tweed Heads Hospital.
- On the 12th January 2015, lifeguards assisted a volunteer lifesaver from South Kingscliff who sustained a laceration to his right forehead having been dumped by a wave during club IRB training. The POI was treated by lifeguards before being transferred to Tweed Heads Hospital via Ambulance.
- On the 16th January 2015, lifeguards from Cabarita Beach requested an Ambulance for a female in her forties who had been stung on the foot by a sting ray after wading through the surf. Ambulance crew and lifeguards treated the wound before being the patient was released with no further medical attention needed.

AUSTRALIAN
LIFEGUARD
SERVICE

- On the 17th January 2015, lifeguards from Pottsville South requested an Ambulance for a 58 year old male who had reportedly hit his head on a sandbank having been dumped in a shore break. The POI had reportedly heard a crack in his neck so lifeguards treated the injury as a major spinal injury and assessed the patient's condition. Ambulance crews arrived on scene shortly after and transported the man to Tweed Heads Hospital.
- On the 20th January 2015, lifeguards from South Kingscliff requested an ambulance for a 12 year old male with a suspected spinal injury. The POI was dumped by a wave whilst on his body board and was located at the southern end of the beach by Cudgen SLSC. Lifeguards on scene treated the boy immobilising the neck until Ambulance crews arrived and he was transferred to Tweed Heads Hospital
- On the 25th January 2015, a 25 year old female was hit in the face by a surfboard whilst swimming. Lifeguards from Durambah treated the POI for a broken nose before she was transferred to hospital via Ambulance.
