PERSPECTIVE 1

PERSPECTIVE 2

Unit Block - Finishes Description:

Internal Work

External walls to be masonry with no load bearing (other than the roof) with the upper in selected colour. The floor to be masonry with high gloss or polished on the internal to all external walls.

Upper Level Work

Upper level shall be in fullback system from shaft and roof level to be selected colour. External - Mix of Col shall be masonry on masonry wall finishing.

Roof Sheeting

Roof to be selected waterproofing system. All waterproofing shall be done with selected colour waterproofing. Roofing shall be done by local brand to be 200 x 300mm (M2) to be used for all internal and external waterproofing. All waterproofing shall be done with selected colour waterproofing.

Roof Tiles

Roof tiles to be 300mm thick waterproofing. Tiles shall be 300mm x 300mm (M2) to be used for all internal and external waterproofing. All waterproofing shall be done with selected colour waterproofing.

Roof Cutter

Roof cutter to be 300mm diameter and shall be selected. All waterproofing shall be done with selected colour waterproofing. All waterproofing shall be done with selected colour waterproofing.

Roof Downpipes

Roof downpipes to be 100mm diameter and shall be selected. All waterproofing shall be done with selected colour waterproofing. All waterproofing shall be done with selected colour waterproofing.

Windows & Doors

Windows & Doors to include framed and glassed wall in selected position and shall be selected. All waterproofing shall be done with selected colour waterproofing. All waterproofing shall be done with selected colour waterproofing.

Handrail type HR1

To all external walls. Powder-coated aluminium slotted handrail with 100mm diameter round post with 30 x 30mm square base. Handrail shall be 100mm diameter round post with 30 x 30mm square base. Handrail shall be 100mm diameter round post with 30 x 30mm square base. Handrail shall be 100mm diameter round post with 30 x 30mm square base.

Handrail type HR2

To all external walls. Powder-coated aluminium slotted handrail with 100mm diameter round post with 30 x 30mm square base. Handrail shall be 100mm diameter round post with 30 x 30mm square base. Handrail shall be 100mm diameter round post with 30 x 30mm square base. Handrail shall be 100mm diameter round post with 30 x 30mm square base.

Handrail type HR3

To all external walls. Powder-coated aluminium slotted handrail with 100mm diameter round post with 30 x 30mm square base. Handrail shall be 100mm diameter round post with 30 x 30mm square base. Handrail shall be 100mm diameter round post with 30 x 30mm square base. Handrail shall be 100mm diameter round post with 30 x 30mm square base.

Handrail type HR4

To all external walls. Powder-coated aluminium slotted handrail with 100mm diameter round post with 30 x 30mm square base. Handrail shall be 100mm diameter round post with 30 x 30mm square base. Handrail shall be 100mm diameter round post with 30 x 30mm square base. Handrail shall be 100mm diameter round post with 30 x 30mm square base.

Roof Sheeting

Roof to be selected waterproofing system. All waterproofing shall be done with selected colour waterproofing. Roofing shall be done by local brand to be 200 x 300mm (M2) to be used for all internal and external waterproofing. All waterproofing shall be done with selected colour waterproofing.
