Re: Salt Surf Life Saving Club - Funding

Dear Troy,

I am writing to you seeking council support with partial funding for the completion of the Salt Surf Lifesaving clubhouse.

Currently the development status is;

- Stage 2A is completed.
- We have received formal notification from Federal Minister Fiona Nash that the \$1,000,000 pledged by the LNP, prior to the recent election, to complete stage 2B will be available to us on the completion of their "Request for Information" and then entering into a "Deed Agreement".

As part of the "RFI" we are required to provide information including final costing's and plans for their review. As part of our response we have engaged a Quantity Surveyor and our Architects to provide an accurate estimate. The costing's that have been provided to us are higher than we expected and we are seeking further clarification. We are trying to keep the costs to a minimum whilst still maintaining a sustainable facility.

We are seeking Councils support in providing funding of \$200,000 (with conditions similar to the Terranora Tennis Club project), so we can proceed in obtaining the Federal Government funding and to begin Stage 2B. We do not want to jeopardise the funding if we cannot finish a sustainable facility and viable clubhouse. I will forward you the plans once the architects complete them.

I am available to discuss this matter and meet with Councillors personally if required. Please do not hesitate to contact me for any further information and or clarification.

Yours sincerely

Greg Lovett
President
Salt Surf Life Saving Club Inc.
