Total	44,962

SERVICE SUMMARY

A blast of warm air towards the end of September set many temperature records for both hottest day and warmest night leading into October as the warmer days continued but several rain events towards the end of the month finally brought some wet days to the area leading into what was one of the wettest months with one and a half times the average rainfall.

Despite the mixed conditions during the spring holiday period, beach attendance was well up from 37,301 in spring 2016 to 44,962 in spring 2017. This can be attributed to the increase service at Kingscliff which has been the busiest beach across the shire with 11,223 visitors followed by Duranbah (7,046).

Despite the increase in attendance the Lifeguards were only required to undertake two (2) rescues which can be attributed to the 3,666 preventative actions that lifeguards made over the September-October period which was over 1,000 more than the same time last year.

This increase demonstrates that the lifeguards were undertaking proactive patrolling and providing the public with helpful information and advice whilst also helping council with their regulatory function. The low number of rescues compared to the same period last year can also be attributed to lifeguards proactive patrolling which ensured a successful start to the season for the Tweed Shire.
