EXTERNAL COMMENTS		
Hayley Ward Armidale Regional Council ECM: 4768732	“This is very helpful.” (Mrs Ward is a member of the Local Government Australia NSW Cultural Planning Network and had been sent a copy of the cultural plan to assist Armidale regional Council who were in the process of drafting their own cultural plan).	No amendment required
Sally Watterson SENIOR POLICY OFFICER – ARTS & CULTURE LOCAL GOVERNMENT NSW ECM: 4768716	“Well done on stewarding it through”	No amendment required
Dr. Cheryle Yin-Lo (DCR) Community Project Officer- Cultural Development Camden Council ECM: 4768699	<ul style="list-style-type: none"> • “Liked the themes as ways to organise activity • Good to align with Strategic Plan • Good level of detail • Great Layout/ look/ feel.” Dr Yin-Lo is a member of the Local Government Australia NSW Cultural Planning Network and Camden Council currently is working on a similar document. <p>Andy Reimanis Director Caldera Art ECM: 4768275</p>	<p>“Just a quick acknowledgement of the draft TSC Cultural Plan, and the work you and Kate have put into it. CP's are always the most difficult of strategies to shape so keeping it very relatively generic and 'broad brushed' is good.</p> <p>I am particularly aligned to promoting the shire's natural environment values using visual art and so was pleased to see this aspect highlighted on page 7 (Sense of Place). I look forward to seeing projects like Treasures of the Tweed finally completed and deservedly promoted to the max.</p> <p>I am in the middle of a setting up a natural history art space (Caldera Wildscapes) in Murwillumbah's Main St, having had to leave the former Visitors Centre as a result of the flood event.”</p>	<p>No amendment required</p>
<p>Bev Kelso Member of the Equal Access Committee ECM: 4768199</p>	<p>“Good to see a document come out of the workshop. My thought would be along the lines of cultural groups. ie variety of nationalities in our shire. Is there mention of identifying these different groups, and including culturally specific involvement? (Large number of Phillipino people here)</p> <p>I may be off the track here so please correct me if I am. I thought I recalled a discussion about the large numbers of residents who had come from other countries.</p> <p>Otherwise, I like the format and linking to other documents.”</p>	<p>No amendment required</p> <p>Email acknowledgement sent to Bev thanking her and inviting her to review the What's the cultural picture snapshot which provides some information on ethnicity/ancestry groups within the shire.</p>

Una Cowdroy ECM: 4768186	"I THINK IT LOOKS GOOD A LOT OF THOUGHT HAS GONE INTO IT"	No amendment required
Christine Vannucci Project Officer, Tweed Dementia Sector Development Alzheimer's Australia NSW ECM:4767939	"Have had a read through and it looks good to me."	No amendment required
Susie Hudson ECM:4768112	Karen Collins CDO – Ageing & Disability communicate that Susie Hudson provided her with some feedback regarding the Cultural Plan. Susie is blind and uses a screen reading technology to access the document. Susie said that she could hear the text of the document being read out from her screen reader. She said she could understand the text. The images are not picked up by the screen reading technology. As a result Susie is not able to know what the images are including the document. Susie is also not able to get information about the timelines for the significant projects as these are presented as a table rather than as text.	Ensuring Council documents are accessible for individuals using screen reading technologies is a 'whole of Council' issue. It has been raised with the Equal Access Committee who are developing strategies to address this issue, which has also been acknowledged in Council's Access and Inclusion Plan.
INTERNAL COMMENTS		
Debbie Firestone Sustainability	Here's an overview of some of the links I think we could make in the final Cultural Plan to boost examples of culture	1. Added 'Living for the Future' Home Expo as a Significant project and program under Theme 1 -

Add the Regional Sustainable House Day design competition as an example of ‘Open art prizes and awards for artists of the region’ 3. Every day, live and play: Add reference to protecting, enhancing and encouraging greater visitation and involvement in natural bushland/coastal areas for recreation 4. Add a reference to the Draft community gardens policy? 5. Also, some monitoring/evaluation/reporting criteria could be good, if the intention of the document is to track the influence it’s had. 6. And a snapshot of feedback from the consultation would be great too. 	<ol style="list-style-type: none"> Sense of Place (page 7). World Enviro Day was not included as this would set a precedent for incorporating a range of named days throughout the year (and run contrary to the intention of the document). 2. Add the Regional Sustainable House Day design under “Open art prizes and awards for artists of the region” (Page 9). 3. No amendment required regarding <i>Everyday, live and play</i> comment already addressed in Theme 1 - Sense of Place which includes the following objective: “Lead and engage the community to enhance awareness and improve sustainable management of the environment.” 4. No amendment required regarding question about including the draft community gardens policy as per internal discussions. 5. No amendment required regarding monitoring and evaluation as that will be the basis of the implementation plan that is created once the plan is adopted. 6. No amendment required regarding community consultation. This information is available on the public report through the Cultural Plan Council
