1. Introduction

All councils in New South Wales must produce annual financial statements that comply with Australian Accounting Standards.

From 1 July 2016, the Australian Accounting Standards Board has determined that AASB 124 Related Party Disclosures will apply to government entities, including local governments.

The objective of the accounting standard is to ensure that annual financial statements contain disclosures necessary for stakeholders to draw attention to the possibility that the financial position and financial performance may have been affected by transactions and outstanding balances with related parties.

Council recognises that Related Party transactions can present potential or actual conflicts of interest and may raise questions about whether they are in the best interests of the organisation.

It is therefore important that Key Management Personnel act honestly and with reasonable care and diligence whilst avoiding improper use of their position and information. It is equally important that Key Management Personnel of the Council are subject to a high level of accountability, including appropriate disclosure of their transactions with the Council in the annual financial statements.

2. Purpose

The purpose of this policy is to define the parameters for Related Party Transactions and the level of disclosure and reporting required for Council to achieve compliance with the Australian Accounting Standard AASB 124 - Related Party Disclosures.

5. Policy Statement

Related Party relationships are a normal feature of commerce and business. For example, entities frequently carry on parts of their activities through subsidiaries, joint ventures and associates. In those circumstances, there is the possibility of the entity having the ability to affect the financial and operating policies through the presence of control, joint control or significant influence.

A related Party relationship could influence the normal business operations of Council. In some instances, Council may enter into transactions with a Related Party that unrelated parties would not. For example, goods are supplied to Council on terms that might not be offered to other customers. Also, transactions between Related Parties may not be made on the same terms as between unrelated parties.

The normal business operations of Council may be affected by a Related Party relationship even if Related Party Transactions do not occur. The mere existence of the relationship may be sufficient to affect the transactions of the Council with other parties. Alternatively, one party may refrain from trading with Council because of the significant influence of another—for example, a local supplier may be instructed by its parent not to engage in supplying goods to Council.

For these reasons, knowledge of Council's transactions and outstanding balances (including commitments and relationships with Related Parties) may affect assessments of Council's operations by users of financial statements, including assessments of the risks and opportunities facing the Council.

5.1 Identification of Key Management Personnel (KMP)

AASB 124 defines KMP's as “those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly”.

Also a person or entity is a related party of Council if any of the following apply:

- they and Council are joint ventures of the same third party;

- a) power over the entity;
- b) exposure, or rights, to variable returns from involvement with the entity; and
- c) the ability to use power over the entity to affect the amount of returns.

To jointly control, a person or entity must have contractual rights or agreed sharing of control of the entity, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

5.5 Procedures

The method for identifying the close family members and associated entities of KMP will be by KMP self-assessment. KMP have an ongoing responsibility to advise Council immediately of any Related Party Transactions.
