Executive Summary

The budget forms part of the Operational Plan, along with the Revenue Policy and Fees and Charges. While the Delivery Program covers a four year period and contains high-level financial information, the budget focusses on the next financial year and shows more detailed expenditure and income.

The 2019/20 budget has been prepared using the previous year's Long Term Financial Plan as a base, adjusted for known variations and new demands.

The \$231 million budget is made up of 3 funds:

General	\$148 million
Sewer	\$48 million
Water	\$46 million

Income and Expenditure Commentary

Rates and annual charges

For 2019/2020, the Independent Pricing and Regulatory Tribunal has set the rate peg at 2.7%.

According to IPART, "The rate peg is mainly based on the Local Government Cost Index (LGCI). The LGCI measures price changes over the previous year for the goods and labour an average council will use. We also look at productivity changes over the same period."

The IPART decision is close to Council's predicted increase of 2.5%.

For further detail, refer to Council's Revenue Policy.

User charges and fees

Generally, user charges and fees have been set to increase by 5%, although there are exceptions where individual fees have been assessed and will increase at a different rate. Some fees are prescribed by the State Government, with Council having no discretion in the setting of those fees.

For further detail, refer to Council's Fees and Charges document.

Interest and investment revenue

Council's estimated interest investment revenue for 2019/20 is \$9.2 million.

Interest on overdue rates, charges and deferred debts is budgeted at \$591,000

Council's diversified portfolio of bonds, term deposits and floating rate notes is managed in-house with the goal of maximising returns whilst maintaining a minimal level of risk and complying with the State Government's Ministerial Order.

Over 90% of invested funds are restricted and not available for general expenditure. Major restrictions are Water, Sewer, Waste and Holiday Park funds, developer contributions, reserves, and unexpended loans and grants.

Grants and Contributions revenue

A conservative approach has been taken when budgeting for grants and contributions revenue. The Financial Assistance grant of \$10.7 million is forecast to grow at 1% per year. Over many years this grant has proven impossible to predict.

Generally, only known future grants are included in the forward projections, with the exception of grants which have been reliably received over a long period of time. Provision in the roads budget had been made for future unconfirmed grants. The related expenditure budgets are noted as being conditional upon the grants being confirmed.

The Pensioner Rebate subsidy of \$930,000 per year is shown as a static grant. The 5% Federal government contribution to Pensioner Rebates was discontinued in 2014/15, but was offset by the State government increasing its subsidy from 50% to 55% for a minimum of 2 years. It is assumed that this additional subsidy will be maintained into the future.

Developer contributions are assumed to generally remain static. This income is held as a restricted asset until recouped to fund projects and/or debt servicing of past projects.

Employee costs

As at March 2019, Council employed 718 full time equivalent staff.

Employee-related costs, which include salaries, entitlements, insurance, taxes, travel and training costs, are estimated to be in the region of \$58 million.

It is assumed that employee costs will grow at a rate of between 2.5% and 2.75% over the next 10 years. This includes anticipated award increases and growth through salary progression.

Borrowing costs

Council's loan portfolio of \$165 million generates an interest expense of \$11.2 million per year, progressively reducing as the overall debt is paid down over time.

The annual borrowing program averages around \$2 million, and focuses on renewing major infrastructure such as bridges and stormwater drainage, as well as flood mitigation works and public toilet renewals. It is anticipated that over time the annual borrowing program will be reduced, as major bridge and drainage upgrades are completed.

Principal repayments total \$9.2 million..

Materials and Contracts

Materials and contracts are set to increase by 2.75%.

Other Expenses

Other Expenses are set to increase by 2%.

Reserves

Council has a number of reserves which represent cash that is restricted for a specific purpose, usually to fund future expenditure.

Major transfers to reserves are:

Holiday Parks surplus	\$1.3m
Waste	\$7.3m
Water	\$13.0m
Sewer	\$14.9m

Major transfers from reserves are:

Water	\$3.3m
Sewer	\$5.0m

Major Capital Expenditure items 2019/2020

Capital expenditure totalling \$42 million is included in the budget. Major items are:

Voluntary purchases (flood mitigation)	\$1.3m
Arkinstall Park Stage 2	\$5.0m
Clarrie Hall Dam	\$3.5m
Bray Park Water treatment plant	\$4.5m

Other initiatives

This budget provides an additional \$450,000 expenditure allocation for natural resource management, increasing to \$750,000 in 2021/2022:

Coastal Ranger	\$95,000
Threatened Species	\$235,000
Coastal Zone Management Plan	\$120,000

Formatting note

The figures in this document are displayed in thousands of dollars, denoted as \$000. Due to rounding, some totals may appear to not agree to the sum of the figures that comprise them. For example, \$3,600 and \$6,700 sum to \$10,300. These figures would be displayed as (\$000) \$4, \$7 and \$10.
