

## Flood repair work almost complete

**Tweed Shire Council is on track to practically complete all road repairs from the March 2017 flood by Christmas, weather permitting. A small amount of tidy-up work might continue into the New Year.**

As at the start of December, Council contractors were working on the last remaining repairs to 15 roads, namely Byrrill Creek, Commissioners Creek, Doon Doon, Eviron, Fernvale, Garden of Eden, Glengarrie, Hogans, Hopkins Creek, Kyogle, Limpinwood, Manns, Mt Burrell, Numinbah and Porters roads. On some of these roads, works were nearing completion.

The only major outstanding roads and bridges task to go into the New Year will be to finish building the new Byrrill Creek Bridge, which is expected to be completed by June 2019.

The new two-lane concrete bridge will replace a one-lane temporary timber bridge, which has been in place since the flood. It will be more flood resilient and comply with current design standards. It will cost \$4.35 million, of which half has been funded under the Australian Government's Department of Infrastructure and Regional Development's Bridges Renewal Program. Council will contribute the other \$2.17 million.

Repairs to the South Murwillumbah flood levee also will be undertaken next year at a cost of \$3.75 million.

The March 2017 flood left 1529 road and bridge damages on 195 roads across the shire. In the immediate aftermath, the damages bill was estimated at \$28.9 million but has since been revised down to \$26.1 million.

Natural Disaster Relief and Recovery Arrangements (NDRRA) funding has compensated for all but \$3.5 million of the repairs, which includes Council's contribution to the Byrrill Creek Bridge build (\$2.17m).

"We are very pleased with both the speed of repair to our roads and bridges and the fact that the shortfall from NDRRA funding is negligible, when you remove the cost of the new bridge at Byrrill Creek," Manager Infrastructure Delivery Tim Mackney said.

"The road repairs will effectively be completed six months ahead of the NDRRA funding cut-off of June 2019. Considering the repairs were the equivalent of an entire year of roadworks on top of our normal program, we are very pleased to have managed to deliver both within those timeframes.

"In the emergency phase after the flood we did minor repairs while we planned a two-stage recovery process. First we enlisted a panel of contracting companies capable of undertaking the repairs and then, as packages of work were made shovel-ready, they tendered for the work available.

"While this two-stage engagement process took some time to get in place, it has paid dividends by allowing us to cut through some of the red tape of contracting out works.

"From there, our Flood Restoration team has managed the process very well and everything has flowed relatively smoothly and we are now in the enviable position of saying: 'Job's basically done'."

Some of the 2018 Environmental Leaders Program participants at graduation: Murwillumbah High School students Ethan Graham and Kika Brace, Wollumbin High School students Ella Curtis and Tahlia-Belle Janetzki and Lindisfarne student Patrick Brabant.

## Environmental leaders graduate

**A graduation ceremony held at Tweed Regional Museum, Murwillumbah has celebrated 18 Year 10 students completing Council's inaugural Secondary Schools Environmental Leadership Program.**

The program aims to better support students' environmental initiatives in schools and the community.

More than 30 students applied from 11 Tweed secondary schools for the 18 places, funded through Council's environmental education funds. An additional grant from Boeing enabled students to benefit from the expertise of the Centre for Sustainability Leadership (CSL).

The students completed a three-day Outward Bound Australia wilderness experience in Kunghur.

Students are now putting environmental projects into action at school and in their community, with initiatives which range from

beach clean-up days, recycling in schools, to planting more native trees within school grounds.

CSL worked with the students to explore the concepts of environmental leadership, refining their skills in delivering environmental projects and practiced sharing the students' stories about their environmental passions and actions.

Director of Science at Lindisfarne Anglican Grammar School, Daniel Robins, participated in the program.

"From being involved I got to see first-hand the value of the program," Mr Robins said.

"It was good for the students to meet Council officers who are working in areas they are passionate about. The program was an excellent opportunity to build on our efforts to set the right example in environmental sustainability at school."

## Please help protect our newest Hastings Point residents

**Hastings Point is always a popular place, particularly for our feathered friends. Here's an update on some special residents.**

### Beach Stone-curlews

The critically endangered Beach Stone-curlew pair continue to diligently incubate their single egg in their protective enclosure, surrounded by locals and holiday makers making the most of the great beach weather.

Pictured guarding its egg at Hastings Point is the critically endangered Beach Stone-curlew.

We expect all going well, their single egg will hatch any day (it hadn't at the time of going to print) and they will be proud parents of a fully-feathered chick.

On the whole, the public has been super supportive in respecting the curlews, assisted greatly by a steady presence of local bird lovers and members of Northern Rivers Birdlife.

Please remember:

- Dogs are prohibited at the Cudgera Creek Park, estuary and beach. Rangers are doing regular patrols and the public are urged to report sightings of dogs in the signposted dog exclusion zone directly to Council
- Please respect the fenced enclosure. Undue disturbance can cause the parents to move from the nest, affecting incubation and leaving the egg open to predation

Once the egg hatches, the chick and parents may decide to move to a more secluded spot within the Cudgera Creek estuary mouth to start the process of chick-rearing. This is a very vulnerable period for the chick, so again we please request that the public respect the curlews, give them space and keep dogs away from this area.

### Pied Oystercatchers

A birdwatcher recently reported to Council a week-old Pied Oystercatcher chick being fed by its parents – also at Cudgera Creek, Hastings Point. The Pied Oystercatcher is another of the Tweed Coast's threatened beach-nesting birds.

The Pied Oystercatcher had been incubating their eggs, again protected by a rope fence enclosure on the beach side of the creek

when locals reported the nest as abandoned. However the pair obviously managed to successfully hatch one of their eggs and is now utilising the Cudgera Creek Estuary to raise their chick.

Both parents have yellow leg flags 'L4' and 'L6' with both birds born in 2009 at Brunswick River and Belongil (respectively) in the Byron Shire.

They are well known locals at Cudgera Creek, having lived here for many years. As with the Beach Stone-curlews please respect the oystercatchers, give them space and keep dogs away from this area.

This baby Pied Oystercatcher chick needs our help to keep safe.

# Avoid a stink with your plumber

**Tweed residents who think the sewer system is blocked should call Council at any time before they call a plumber to avoid a stink over a plumber's bill.**

The phone number to call is (02) 6670 2400 in office hours or 1800 818 326 after hours.

Council can quickly determine if the blockage is our problem or the responsibility of the property owner by checking the sewer inspection shaft.

The inspection shaft is the point where responsibility transfers from the Council to the property owner.

The owner is responsible for ensuring the inspection shaft is visible and accessible (not covered with vegetation etc) and for anything that happens from the inspection shaft back to the house. Council is responsible for maintenance and repairs downstream of the shaft in the public sewer.

If a property owner thinks they have a blocked sewer, they can check their inspection shaft by removing the lid and looking inside or they can ring Council to get help.

A general rule to apply is if the inspection shaft:

- contains wastewater or water, it's probably Council's problem and Council will fix it
- is clear, it's probably the owner's problem and the owner will need to hire a plumber at their own expense, or
- contains tree roots, it may be a shared problem and the cost to fix it also will be shared.

In most cases, if a property owner engages a plumber, the property owner is liable for the bill.

"We are receiving too many bills from plumbers we have not engaged and residents are being disappointed to learn that Council will not cover the cost," Senior Engineer Peter Haywood said.

"All Tweed plumbers know that Council should be called first to determine whether it's a Council problem. They are asked to advise customers of this before they respond to a callout for a blocked sewer."

To avoid blockages in the sewer system, customers are reminded that many items are not meant to be flushed. Despite their name, 'flushable' wipes are not flushable and are increasing causing blockages at Council's sewerage pump stations.

## And while we're on the subject of stinks ...

**If you flush wet wipes down the toilet, this is what you risk happening.**

The picture (right) was taken in Bega Valley Shire. It's a wet wipe blockage being pulled from the shire's largest and most critical sewage pump station next to a busy boat ramp and very close to oyster leases on the lake at Merimbula.

In October we reported an increase in sewer blockages in the Tweed due to wet wipes being flushed down the toilet. Every blockage risks raw sewage overflowing into the environment and

all the inherent health risks that come with it.

Every blockage also costs either the property owner or the ratepayer thousands of dollars as both workers and equipment can be tied up for hours clearing a single blockage. Then, there's the damage to pumps and equipment.

So, what is the real cost of those handy little conveniences? In Australia, it's estimated at \$15 million a year to pull them out of our sewerage systems.

Please don't put wipes in our pipes. Bin them instead.

## Council Meeting Agenda

**Thursday, 6 December 2018**

The Council Meeting Agenda for Thursday, 6 December 2018 is available on Council's website [www.tweed.nsw.gov.au/CouncilMeetings](http://www.tweed.nsw.gov.au/CouncilMeetings). The meeting will be held in the Harvard Room, Tweed Heads Administration Building, Brett Street, Tweed Heads commencing at 5.30pm.

- 1 Adoption of the Recommendations of the Planning Committee Meeting held Thursday 6 December 2018

### Reports for consideration

#### General Manager

- 2 Tweed Hospital Location
- 3 Draft Filming Policy, Version 1.0

#### Planning and Regulation

- 4 Cobaki Deed of Agreement
- 5 Sponsorship of Planning Institute of Australia (PIA) Congress on Gold Coast – May 2019

#### Engineering

- 6 Tweed Road Development Strategy Endorsement
- 7 Landowners Consent – Development Application for a Telecommunications Facility at Lot 1 DP 528102 No. 47 Terranora Road, Banora Point
- 8 RFO2018129 Provision of Manual Traffic Control Services
- 9 RFO2018117 Rehabilitation of Gravity Sewerage Reticulation Mains

### Confidential items for consideration

#### Planning and Regulation in committee

- C1 DA03/0445.03 Legal Advice after Land and Environment Court Judgement for No. 477 Urliup Road, Urliup
- C2 Compliance Update DA06/0603 at Lot 121 DP 1111869 No. 101 Bryens Road, Nobbys Creek
- C3 Compliance Update DA05/0995 and DA16/0579, Mount Warning Spring Water, 2574 Kyogle Road, Kunghur
- C4 Illegal Land Use and Ongoing Barking Dog Complaints

## Tweed Coast Holiday Parks Meeting Agenda

**Thursday, 6 December 2018**

The Tweed Coast Holiday Parks Meeting Agenda for Thursday, 6 December 2018 is available on Council's website [www.tweed.nsw.gov.au/CouncilMeetings](http://www.tweed.nsw.gov.au/CouncilMeetings). The meeting will be held in the Harvard Room, Tweed Heads Administration Building, Brett Street, Tweed Heads commencing at 5.30pm.

- 1 Minutes of the Ordinary and Confidential Tweed Coast Holiday Parks Reserve Trust Meetings held 6 August 2018

### Confidential items for consideration

#### Executive Manager of the Trust in committee

- C1 Audited Financial Statement Report 2017/2018

The Agendas for these meetings, which may also include any late or supplementary reports, will be updated prior to the date of the meetings. The meetings are open to the public. It should be noted that confidential items are considered in closed session, which excludes media and public. Minutes of these meetings will be available as soon as practical following the meetings and are unconfirmed until they are formally adopted at the next Council meeting.

## Council office closures over Christmas period

**Council offices at Murwillumbah and Tweed Heads will be closed over the Christmas and New Year period from Monday 24 December 2018 to Tuesday 1 January 2019. The offices will reopen again at 8.30am on Wednesday 2 January 2019.**

For Council emergencies only during this time please call 1800 818 326.

Tweed Shire Council wishes you a safe and happy festive holiday season.

## Planning Committee Meeting Agenda

**Thursday, 6 December 2018**

The Planning Committee Meeting Agenda for Thursday, 6 December 2018 is available on Council's website [www.tweed.nsw.gov.au/CouncilMeetings](http://www.tweed.nsw.gov.au/CouncilMeetings). The meeting will be held in the Harvard Room, Tweed Heads Administration Building, Brett Street, Tweed Heads commencing at 5.30pm. A Planning Access Session on the items on the Planning Committee Agenda is to be held at 4.30pm prior to the Planning Committee Meeting.

### Reports for consideration

#### Planning and Regulation

- 1 Development Application DA18/0320 for a Residential Flat Building Including Demolition of Existing Structures at Lot 10 Sec 3 DP 758571; No. 178 Marine Parade Kingscliff
- 2 Development Application DA18/0518 for Alterations and Additions to Upper Level of Existing Imperial Hotel at Lot 2 DP 596914; No. 115 Murwillumbah Street Murwillumbah
- 3 Development Application DA16/0660 for a Water Extraction Facility at Lot 3 DP 1125925 Dungay Creek Road, Dungay
- 4 8.2 Review of Determination of the Refusal of DA17/0805 for a Helipad at Lot 1 DP 735658; No. 477 Urliup Road Urliup
- 5 Development Application DA18/0637 for a helipad at Lot 1 DP 735658; No. 477 Urliup Road Bilambil
- 6 Development Application DA18/0910 for a Water Bottling Facility and Use of Existing Structures for the Purposes of Commercial Water Extraction at Lot 1 DP 735658; No. 477 Urliup Road Bilambil
- 7 Development Application DA18/0685 for a Concept Application for the New Tweed Valley Hospital and Stage 1 Works (NSW Planning & Environment Application No. SSD 9575) and SEPP to amend Tweed Local Environmental Plan 2014 at Lot 11 DP 1246853 No. 771 Cudgen Road, Cudgen
- 8 Development Application DA16/0579.01 for an Amendment to Development Consent DA16/0579 for Alterations and Additions to Water Bottling Facility at Lot 1 DP 883113 & Lot 2 DP 883113; No. 2574 Kyogle Road Kunghur
- 9 Planning Proposal PP17/0003 Protection of Airspace Surrounding Bob Whittle Murwillumbah Airfield – Public Exhibition Review
- 10 Short Term Rental Accommodation at No. 13 Aeolus Lane Casuarina
- 11 Draft Tweed Shire Council Animal Pound – Rehoming and Minimising Euthanasia Policy
- 12 Variations to Development Standards under State Environmental Planning Policy No. 1 – Development Standards

## Development Application Determinations

Notification of Development Application Determinations for the purposes of Section 4.59 of the *Environmental Planning and Assessment Act, 1979* (as amended).

### Application details

#### Approved

- DA18/0827** – In-ground swimming pool, deck and 1.8 m high front fence Lot 1 SP 67854, Unit 1/No. 8 Franklin Street, **Banora Point**
- DA18/0834** – Carport within front building line Lot 912 DP 201135, No. 13 Marana Street, **Bilambil Heights**
- DA18/0868** – In-ground swimming pool Lot 4 DP 881568, No. 113 Blissetts Road, **Carool**
- DA18/0729** – Two storey dwelling and swimming pool Lot 23 DP 1145386, No. 77 Cylinders Drive, **Kingscliff**
- DA18/0809** – Alterations and additions to existing dwelling including carport and in-ground swimming pool in three (3) stages Lot 49 DP 237400, No. 3 Valiant Street, **Kingscliff**
- DA18/0883** – Alterations and additions to existing dwelling and privacy screen Lot 11 DP 576205, No. 24 Moss Street, **Kingscliff**
- DA18/0881** – Carport within front building line Lot 10 DP 9487, No. 21 Tumbulgum Road, **Murwillumbah**
- DA18/0775** – Swimming pool, retaining wall and dwelling alterations and additions Lot 219 DP 1033384, No. 7 Jagera Close, **Pottsville**
- DA18/0861** – In-ground swimming pool Lot 1115 DP 1115395, No. 52 Lennox Circuit, **Pottsville**
- DA18/0914** – Patio roof Lot 133 DP 802841, No. 20 Edinburgh Court, **Pottsville**
- DA18/0763** – Two storey dwelling and swimming pool Lot 309 DP 1238182, No. 9 Ossa Boulevard, **Terranora**
- DA18/0944** – Shed Lot 30 DP 790741, No. 3 Warrego Place, **Terranora**
- DA18/0725** – Detached secondary dwelling and garage/studio/office Lot 10 DP 247427, No. 7 Cooley Street, **Bogangar**
- DA18/0618** – Construction of a new pontoon and gangway Lot 80 DP 260472, Lot 35 DP 260432, No. 14 Sandpiper Avenue, **Tweed Heads**
- DA18/0701** – Converting parts of existing dwelling to a secondary dwelling Lot 189 DP 29194, No. 33 Inlet Drive, **Tweed Heads West**
- The above development determinations are available for public inspection free of charge at the Planning and Regulation Division, Murwillumbah Civic Centre, during ordinary office hours or viewed on Council's DA Tracking site located at [www.tweed.nsw.gov.au/datracking](http://www.tweed.nsw.gov.au/datracking)

# #RecycleRight

Keep it simple. Keep it clean. Keep it coming 'round.

## Keep it Simple

Only recycle these items

GLASS BOTTLES & JARS

PLASTIC CONTAINERS

PAPER & CARDBOARD

STEEL AND ALUMINIUM

## Keep Out Soft Plastics

No plastic bags or wrapping

## Keep Out Small Items

Nothing smaller than a credit card

## Keep it Safe

Keep out strapping, hose, netting, wires, cords and cables

## Keep it Clean

Rinse or wipe out containers

## Keep it Loose

Don't bag or box your recyclables

**KEEP OUT:** Nappies, food, fabric, cords, rope, dirty paper & cardboard, takeaway coffee cups & lids, meat & biscuit trays, & polystyrene.

# Let's All Recycle Right to keep it coming 'round

For further information visit your local Council website or go to [www.newaste.org.au](http://www.newaste.org.au)

# How to recycle right

A new Recycle Right Campaign to *keep it coming 'round* has been launched this week by North East Waste and its member Northern Rivers Councils, including Tweed.

The campaign reinforces the importance of recycling correctly and focuses on some key things we can all do to reduce contamination in our yellow bins.

## Why do we need to take action?

In the wake of China's National Sword Policy which came into force January this year, the campaign aims to simplify recycling messages and highlight recent changes.

For a long time China has been the largest importer of the world's recycling, accepting over 30 million tonnes every year and ultimately having the capability to drive recycling prices and practices world-wide.

Until a few years ago, China accepted recyclables with a relaxed contamination level of around 5 per cent – contamination being incorrect items mixed in with the material to be recycled.

The National Sword Policy now enforces a strict contamination limit of 0.5 per cent, which understandably has sent the global recycling industry into shock with much of the world's recycling no longer meeting this new export standard.

Council's Unit Coordinator, Rod Dawson said it was important to remember recycling is a product that forms part of a continuous cycle.

"Unlike landfill, a closed system where items are buried in the ground and lost forever, recycling keeps coming around." Mr Dawson said.

"Where our recycling goes is dependent on market needs – the existence and profitability of companies who use recycled content to manufacture new items. The recycling industry is ever-changing and therefore what we can put into our yellow lid bins changes accordingly."

## What can I do?

Follow these six key Recycle Right messages when using your yellow lid recycling bin:

- 1. Keep it simple** – only recycle hard plastic bottles and containers, glass bottles and jars, steel and aluminium cans, paper and cardboard.
- 2. Keep out soft plastics** – including ALL plastic bags, even if they have a recycling symbol, are degradable or compostable, and other soft plastics such as plastic film, chip packets, bread bags and biscuit trays.
- 3. Keep out small items** – anything smaller than a credit card. All lids must now be removed from bottles and those smaller than a credit card placed in the red lid bin.
- 4. Keep it safe** – no strapping, hose, netting, wires, building materials, broken glass, chemicals and other hazardous materials that can harm the MRF workers or damage the machines.
- 5. Keep it clean** – rinse or wipe any excess food and drink from all bottles, containers and tins before placing them in your recycling bin. Keep out food scraps, nappies and soiled paper.
- 6. Keep it loose** – put each item into your yellow lid bin separately, don't bag, box or contain your recyclable items.

To find out more about the Recycling Right Campaign visit

[www.tweed.nsw.gov.au/waste](http://www.tweed.nsw.gov.au/waste)

## Christmas waste collection and landfill times

Bin collection will continue as usual over Christmas and New Year – regardless of public holidays. Stotts Creek Resource Recovery Centre will be closed Christmas Day. Visit [www.tweed.nsw.gov.au/waste](http://www.tweed.nsw.gov.au/waste) for further information or download Council's app at [m.tweed.nsw.gov.au](http://m.tweed.nsw.gov.au)

**WATER WEEK 10** Check when your water meter is read at [www.tweed.nsw.gov.au/MeterReading](http://www.tweed.nsw.gov.au/MeterReading)

## Request for offer

**RF02018149 Supply and Install Guardrail at curve at 575 Clothiers Creek Road**

**Offers close:** Wednesday 4pm (DST) 12 December 2018

For further information please contact Ashley Tewes (02) 6670 2480.

**RF02018160 Tweed Heads Civic Centre Auditorium: Theatre Cabling and Lighting Upgrade**

**Offers close:** Wednesday 4pm (DST) 9 January 2019

For further information please contact Todd Remmers on (02) 6670 2739.

Offers must be lodged as specified in the offer documentation.

Request For Offer documentation is available at no charge from Council's website at [www.tweed.nsw.gov.au/tenders](http://www.tweed.nsw.gov.au/tenders). Hard copy documentation is available and costs will be in accordance with Council's advertised photocopying fees.

All Offers will be opened at closing time and will be considered by Council in accordance with the provisions of the *Local Government Act 1993* and the NSW Local Government (General) Regulation 2005. The lowest or any offer is not necessarily accepted and canvassing of Councillors or staff will disqualify.

## Modification application for public comment

The following Section 4.55 application has been received by the Tweed Shire Council and may be viewed on Council's DA Tracking site located at [www.tweed.nsw.gov.au/datracking](http://www.tweed.nsw.gov.au/datracking) for a period of fourteen (14) days from Wednesday 5 December 2018 to Wednesday 19 December 2018.

The proposal is not designated development and the Tweed Shire Council is the consent authority.

Applicant	Location
Tweed Shire Council	Lot 2 DP 1139059; No. 102 Lundberg Drive, <b>South Murwillumbah</b> ; Lot 1 DP 232745; No. 92 Lundberg Drive, <b>South Murwillumbah</b> ; Lot 10 DP 1071301; Quarry Road, <b>South Murwillumbah</b>
File no.	Proposal
K00/0288.01	amendment to Development Consent K00/0288 application for an extractive industry

### Proposed modification

'It is proposed to modify the above consent to enable quarrying activities of drilling, blasting and crushing which were not included in the original development application.

These activities are now proposed to remove existing material which cannot be removed by the approved methods of extraction (via bulldozer and excavator).

To enable this, amendment is proposed to condition No. 4 and condition No. 19 of the original consent.'

Any person may, during the period specified above, make a submission in writing to Council in relation to the Modification Application.

Where a submission is in the form of an objection, then the grounds of objection are required to be specified. In accordance with Clause 118 of the Environmental Planning and Assessment Regulations 2000, there is no right of appeal under Section 8.8 of the Act by an objector.

Any person may, during the above period, make a written submission to the General Manager of Council. It should also be noted that Council has adopted a policy whereby, on request, any submission including identifying particulars will be made public. Council will give consideration to the 'Public Interest' and requests for confidentiality by submitters in determining access to submission letters. However, the provisions of the *Government Information (Public Access) Act 2009* – GIPAA may result in confidential submissions being released to an applicant.

### Please note – Requirements regarding Disclosure of Political Gifts and Donations

A disclosure is required to be made in a statement accompanying the relevant development or planning application by a person who makes the application. In addition, a person who makes a written submission either objecting to or supporting a relevant development or planning application must also make a disclosure if the person has made a reportable political donation.

Further information regarding Donations and Gift Disclosure are available on Council's website [www.tweed.nsw.gov.au/PlanningInformation](http://www.tweed.nsw.gov.au/PlanningInformation)

**Congratulations to Council's MowBro team and to everyone else who helped raise funds for Movember. There were some really great moustaches grown during November to raise awareness about men's health. A special mention goes to Kieran Griffiths (second left) for the best hair raising effort. Council staff raised around \$1800, which will help fund programs to save and improve the lives of men. Together we are changing the face of men's health. For more information visit [au.movember.com](http://au.movember.com)**

## Road wrap – week starting 3 December 2018

### Flood road repair works schedule

Contractor	Crosana
Locality	Road
<b>Under traffic control – expect short delays</b>	
Rowlands Creek	Manns
Bilambil Heights	Scenic
Mount Burrell	Kyogle
Glengarrie	Glengarrie
Mount Burrell	Mt Burrell
Hopkins Creek	Hopkins Creek
Commissioners Creek	Commissioners Creek
Bilambil	Hogans
Terranora	McAuleys

Contractor	Geostabilise
Locality	Road
<b>Under traffic control – expect short delays</b>	
Chillingham	Numinbah
<b>Tweed Shire Council</b>	
Locality	Road
<b>Work on new bridge has commenced. Traffic control will be required at times – expect short delays.</b>	
Byrriil Creek	Byrriil Creek

### Expect short delays

**Bilambil** – heavy patching Bilambil Road.

**Burringbar** – water main upgrade. Minor traffic control on Tweed Valley Way near Broadway.

**Chinderah** – culvert replacement and pavement works Tweed Coast Road.

**Cudgen** – sub-division works may cause delays on Crescent Street between Tweed Coast Road and Cudgen Road. There are two separate subdivisions with road works and trucks accessing the sites (reduced speed limits in place).

**Kielvale** – water main upgrade at Reserve Creek Road; road reconstruction Reserve Creek Road, 5km east of Wulffs Lane.

**Kingscliff** – kerb and gutter replacement Surf Street; boardwalk reconstruction Cudgen Creek.

**Mount Burrell** – road reconstruction Kyogle Road, between Coalmine and Lofts Pinnacle roads.

**Murwillumbah** – pipe relining at Ewing Street (some traffic control expected); stormwater replacement Condong Street; replace kerb and gutter William Street.

**Pottsville** – pavement Elizabeth Street.

**Terranora Village** – subdivision works may cause delays on Henry Lawson Drive, between Coach Road and the Tennis Courts.

**Tweed Heads** – kerb and gutter Blue Water Crescent and Charles Street.

**Uki** – resealing, patching various locations Kyogle Road.

**Maintenance north** – heavy patching Hogans and Carol roads.

**Maintenance south** – grading Garden of Eden Road; patching Nobbys Creek, Cane and Reserve Creek roads.
