

TWEED  
SHIRE COUNCIL

# Do you want to farm more *profitably?*

Friday 6 December, 2024

## Then join us!

We have funding for a program to assist farmers and agricultural start-ups to improve their profitability.

Don't miss your chance to discuss what is available and help select what you need so we can develop this program together - don't let others decide what is good for you!

Join your farming friends for a yarn and a local lunch as we plan a bright future through improving profitability of our Tweed farmers now and into the future.

## About the Program

This project is delivered by Council's Sustainable Agriculture Program with funding from the NSW Environmental Trust. The project aims to build Tweed farmers profitability and improve outcomes for nature.

## LAUNCH EVENT

Earth Brewing  
Company, Cudgen

6 December, 2024  
10 AM - 1 PM

- RSVP by 5 December, 2024
