Both papers were easy to read and understand, good layout.	
If Tweed Shire Council and Staff can put all of the Actions and Goals into place by the set dates they will make the Tweed Community members very happy. I believe this plan is achievable if we all work as a team.	
If there is a down side to this plan it is that there is no time frame for reporting the work out comes as we [move] ahead with the plan. Would it be possible to put an update in the Tweed Link every three 3 months? This would keep the Tweed Community informed how the plan is going.	,

- Implement strategies to promote Local Government as a desirable and progressive career path where you can make a real difference.
- 2. Monitor and work to increase the number of recruits new to Local Government. Develop and implement strategies to increase indigenous employment, employment of Gen Y and Millennials, employment of women particularly in non-traditional roles and Disability employment.
- 3. Audit barriers to employment for the above groups within Council's recruitment practices.
- 4. Develop a reasonable adjustment framework to support disability employment.
