

CLAP CLAP CHOOSE TAP[®]

Written by Jenny Kenshole

Hi there, I'm Tap Man!

I hope you enjoy reading this big book brought to you by **Tweed Shire Council**.

You'll learn all about why your body needs water and why it's better to **Choose Tap**.

You'll also get to meet the Choose Tap gang and their friends.

 Look out for **Gazza the Gang-Gang Cockatoo** on each page!

MEET THE CHOOSE TAP GANG!

Tap Man is our water drinking hero. He teaches us why drinking water is so important!

Cassie knows her weather facts. She loves the rain and takes her umbrella everywhere.

Oswald is an awesome skateboarder. He loves to talk about the pipes that bring our water to us.

Ebbie loves to ride her bike. She takes her drink bottle everywhere she goes.

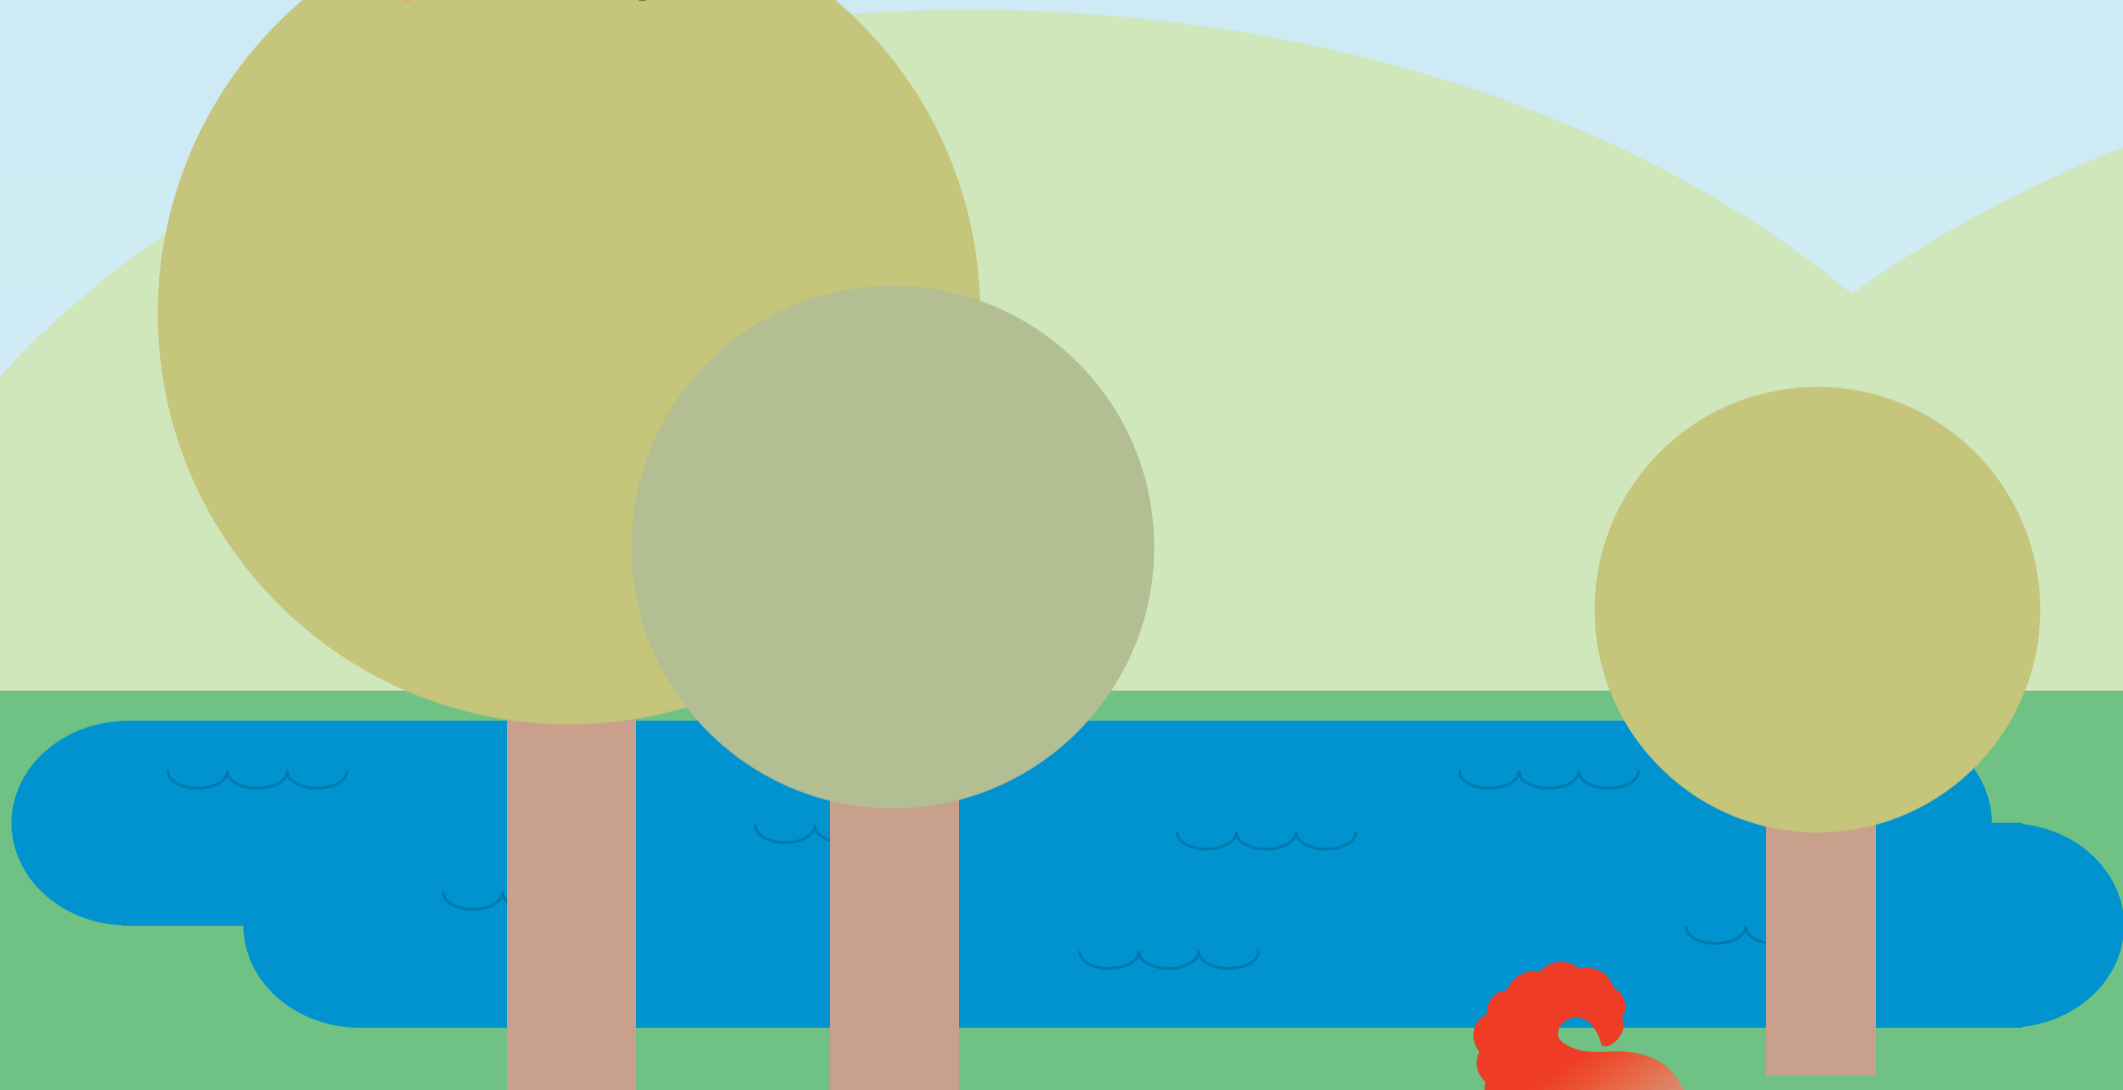

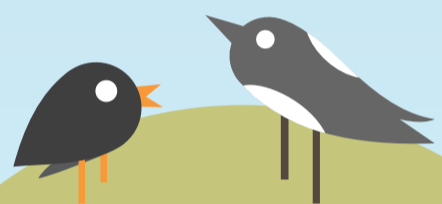

Ti-tree may just be a tree, but he needs to drink water every day, just like we do!

Gazza is a Gang-Gang Cockatoo. When he talks, he sounds like a creaky gate!

**The Tweed's water is the best,
Right from the east and to the west.
It's fresh and clean and ready to go.
Straight from the tap is where it flows.**

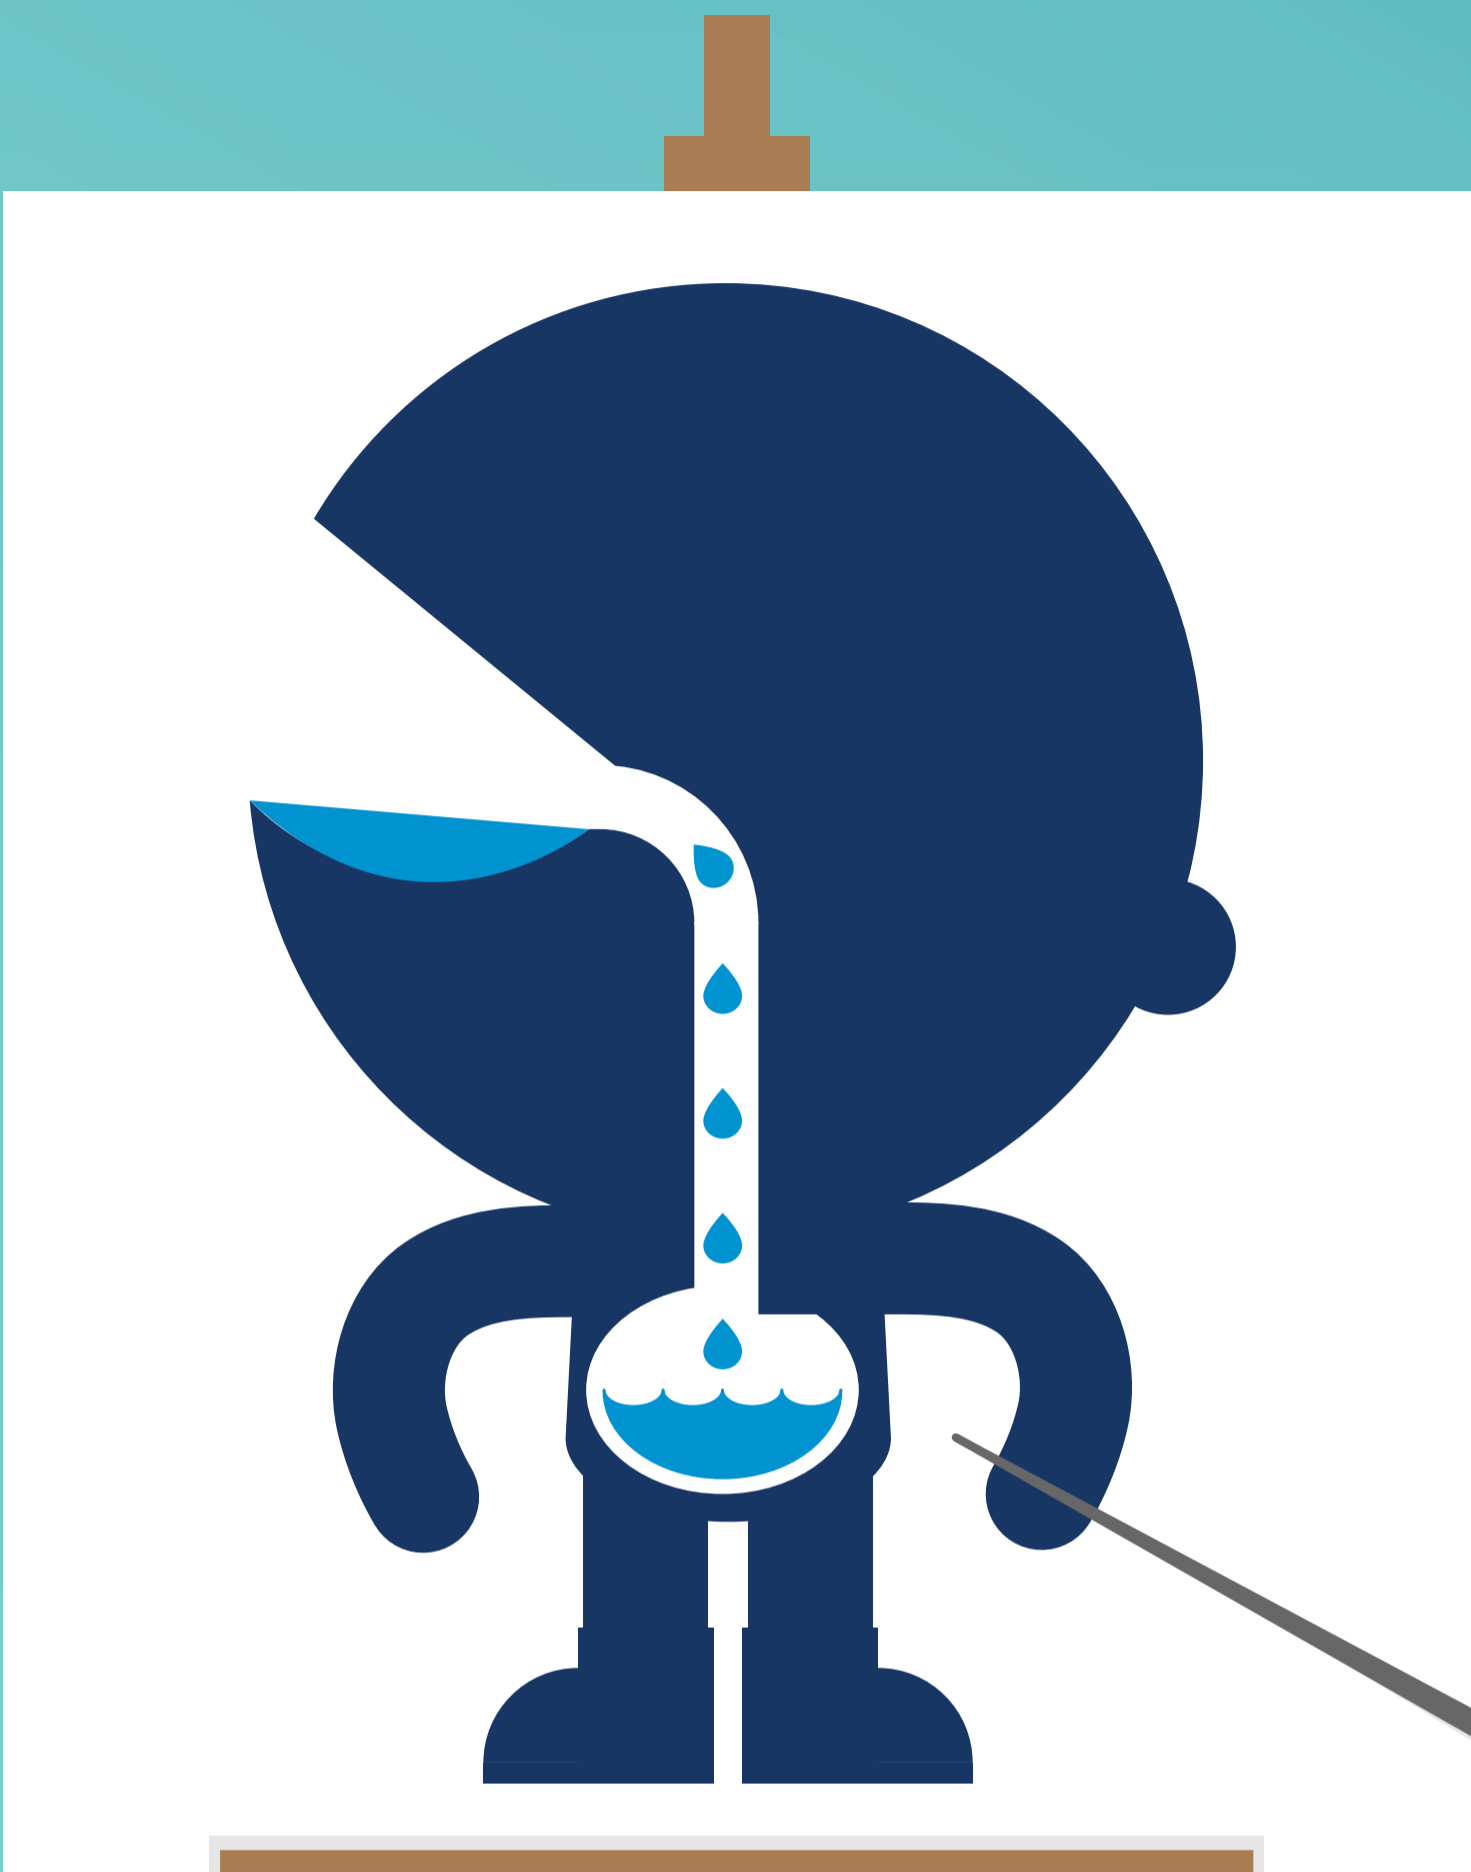

**Our brains need water every day.
Water helps us think and play.
It helps a headache go away,
And gives us energy to play all day.**

**I drink tap water every day.
It stops me getting tooth decay.
It keeps my teeth strong and white,
So I can keep on smiling bright.**

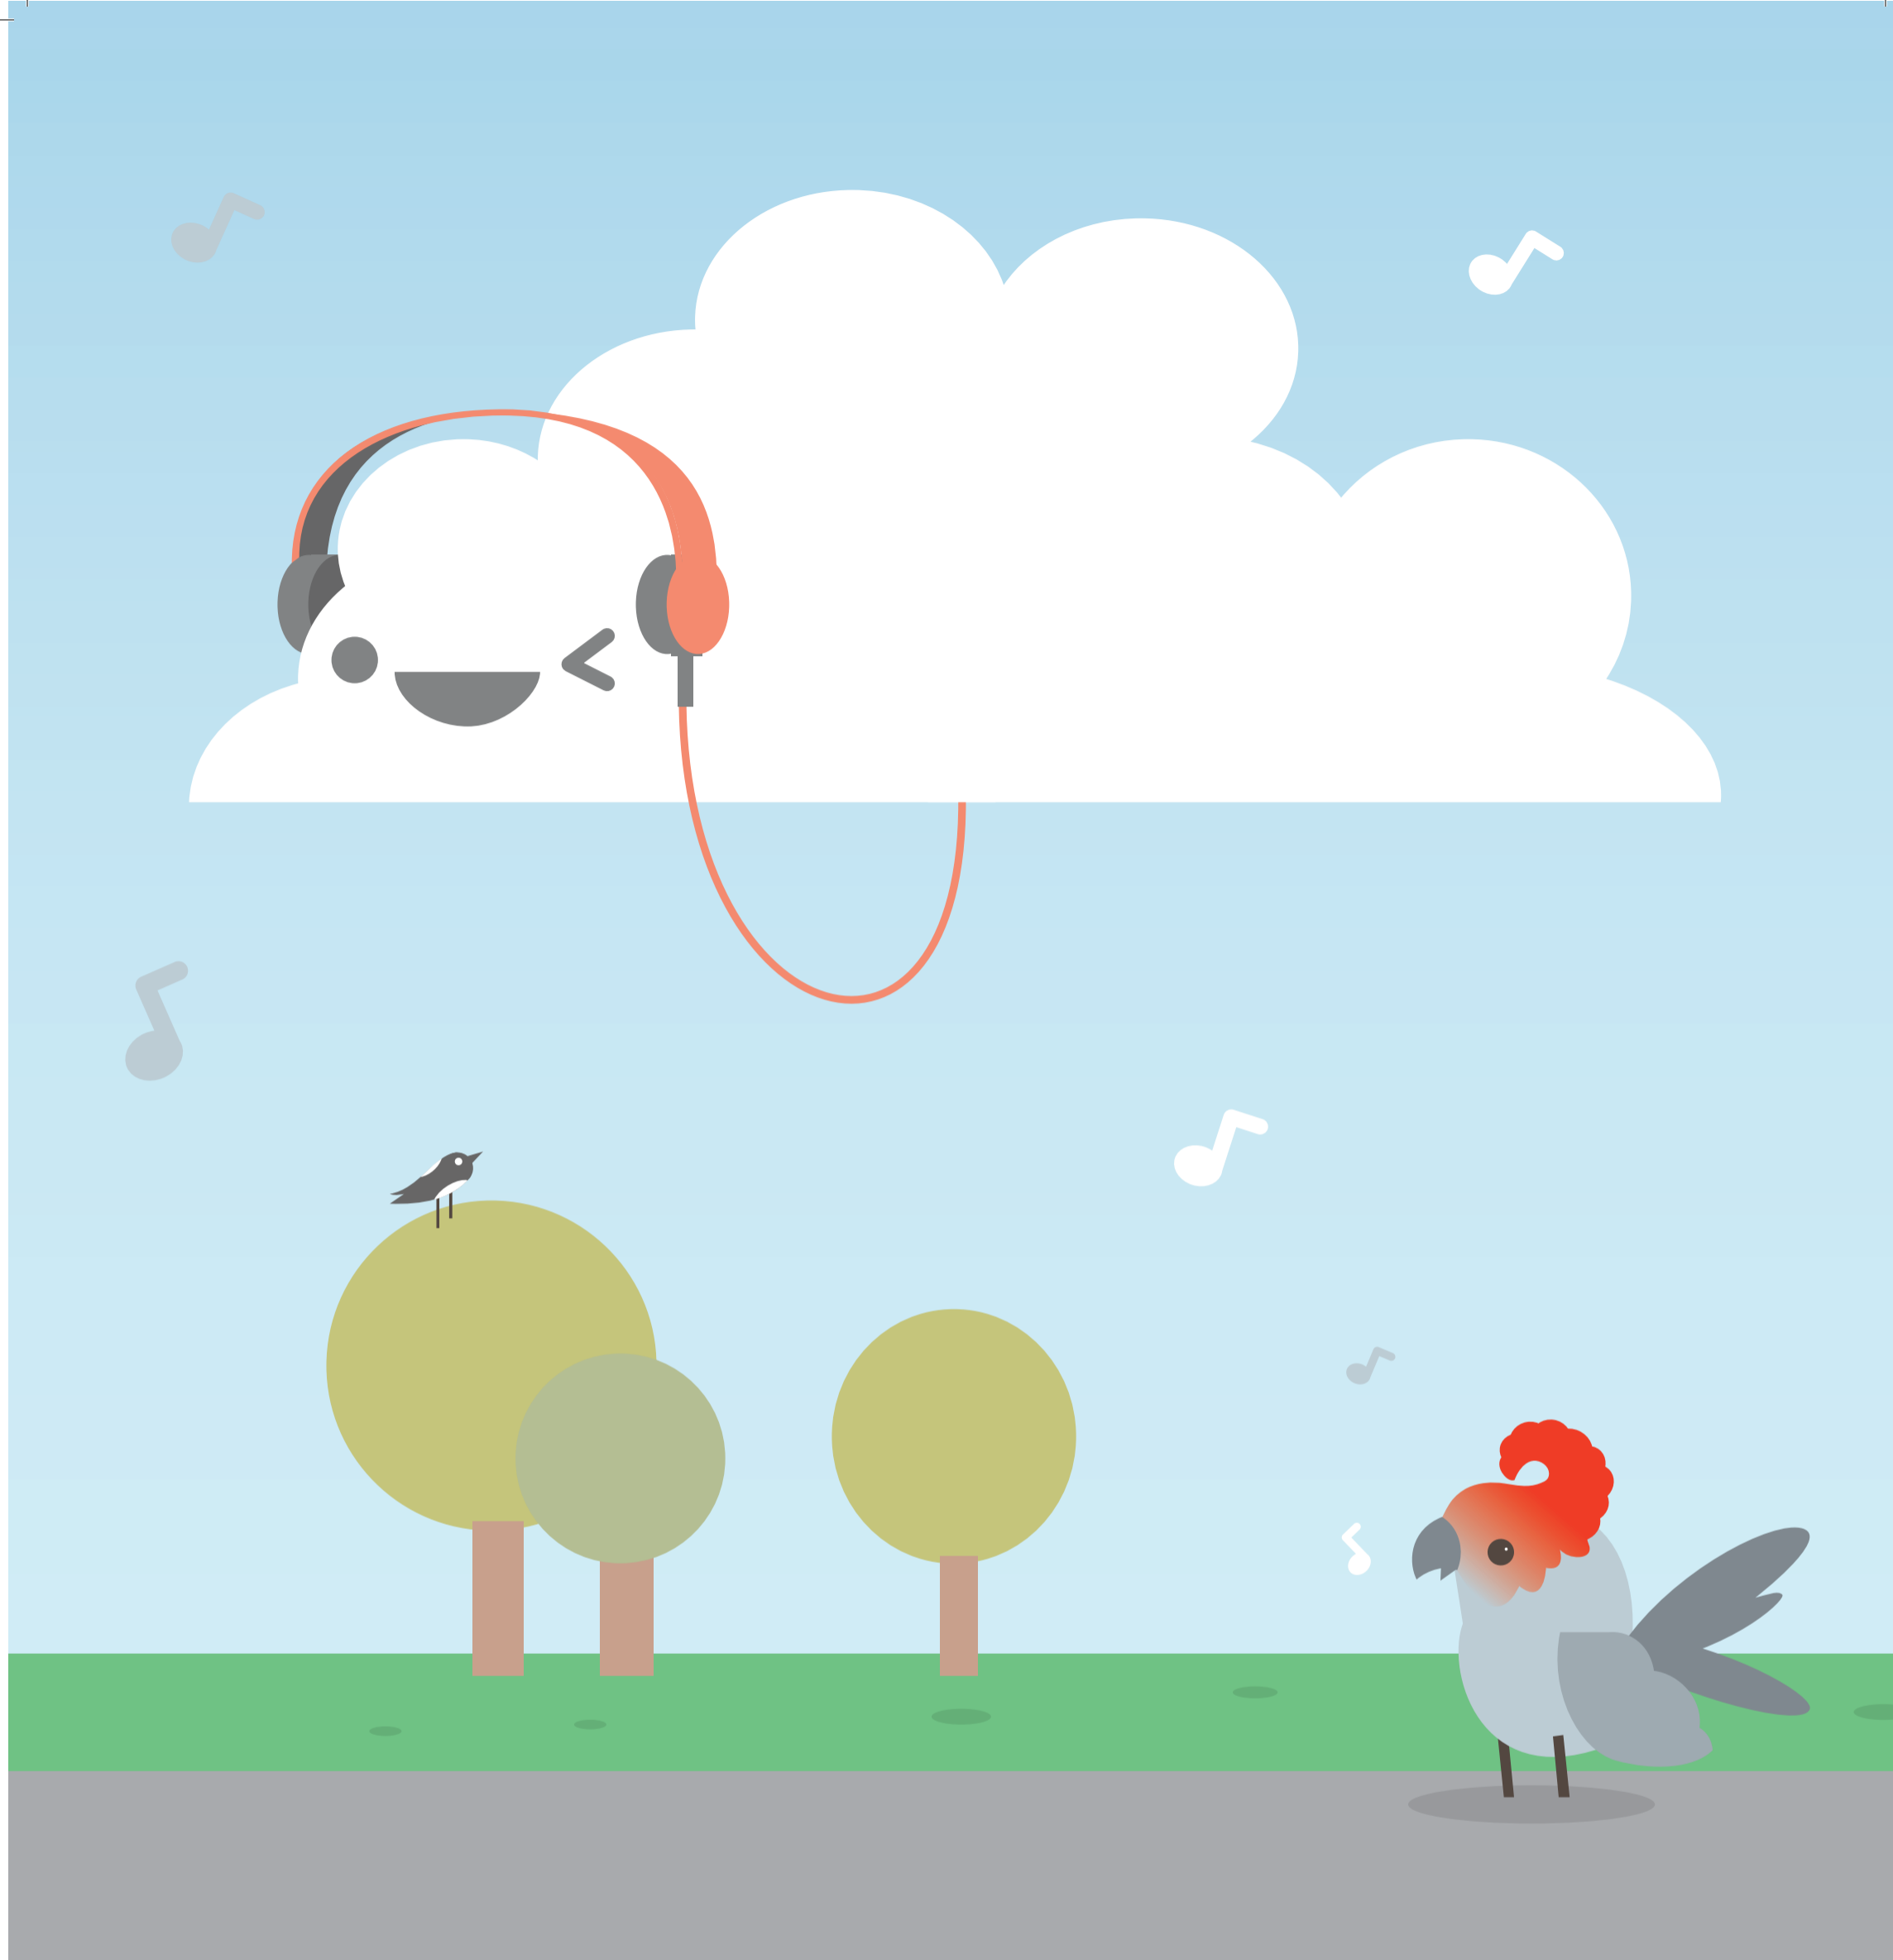

**Water helps break down our food.
It keeps us in a happy mood.
Water helps our tummies out,
And gives us energy to scream and shout.**

Water helps your heart beat stronger.
It keeps you healthy and living longer.
Tap water is a tasty treat,
That gives your heart a steady beat.

Refill your drink bottle every day.
No more plastic thrown away.
Our planet will know you're keen,
To keep it healthy, clean and green.

We all need water every day,
When we're at home or when we're out to play.
Take a bottle, fill it up, or even use a cup.
It helps your teeth, your heart and your mind.

**When you Choose Tap you will find,
You'll be so happy that your toes will tap,
When you (Clap Clap Clap) Choose Tap!
When you (Clap Clap Clap) Choose Tap!**
